And Science College – Malikipuram

ADDRESS:

- Appanaramuni Lanka, East Godavari, Andhra Pradesh-533252

TECHNICAL SKILLS:

SKILL CATEGORY	TECHNOLOGIES / TOOLS
Programming Languages	Java, MYSQL
Frontend Technologies	JavaScript, HTML, CSS, Bootstrap, React.js
Version Controlling Skills	GitHub, Git
Business Tools	Microsoft Excel, Word, PowerPoint

PROJECTS:

Project Title : Employee Management System
Environments : Java 8, Spring Boot, ReactJS, MySQL.
Team Size : 4
Duration : 06-05-2023 to 10-06-2023

Employees are the backbone of any company therefore their contribution plays a major role in deciding the success of an organization [1]. Employees Management Software makes it easy for the employer to keep track of all records. This software allows the administrator to edit employees, add new employees, transfer/promote/terminate employees. You can check to see if there are duplicate positions/employees in the database. A flexible and easy to use Employee Management software solution for small and medium sized companies provides modules for personnel information management thereby organization and companies are able to manage the crucial organization asset – people.

CERTIFICATIONS:
